Findings include:</p> <p>Per interview on 2/10/15, with Administrator, there was confirmation at 11:15 AM that there had been a report made to the Division of Licensing and Protection on 10/02/2014 regarding an incident that had occurred between Resident #1 and another resident that resided in the nursing home section of the Residential Care Home. The 2 entities are housed in the same building and the 2 residents resided on the same unit at the time of the incident. Nursing notes of 09/15/14 stated the alleged victim of the abuse (Resident #1 spouse) had accused Resident #1 of hitting him. The nurse indicated an incident report was written and stated the Director of Nursing Service (DNS) was notified, however, this report was not found. A second incident was reported on 09/20/14 to the DNS, who on vacation, instructed to call the Administrator. The administrator confirmed at 4:20 PM that the report had not been filed per regulations.</p>	R206
